THIS SCALE IS ONLY AN APPROXIMATE - ADJUSTMENTS SHOULD BE MADE
BASED ON BREED, AGE, ACTIVITY LEVEL AND WEIGHT.

PLEASE FOLLOW BREED AVERAGE WEIGHTS!!!
JUST BECAUSE YOU WANT YOUR DOG TO WEIGH A CERTAIN AMOUNT, DOESN'T
MEAN YOUR DOG SHOULD WEIGH THAT AMOUNT!!!

LARGE BREEDS THAT GROW TOO QUICKLY WILL DEVELOP DANGEROUS OSTEO
ISSUES AND AN INCREASED CHANCE THEY WILL REQUIRE VERY EXPENSIVE
SURGERIES TO REPAIR AVOIDABLE ISSUES. DON'T DO THAT TO YOUR DOG!
